Further, this Judgment shall not be competent evidence in any judicial or other proceeding of any liability or wrongdoing by Defendants.

3. The parties acknowledge that, in addition to this Judgment, Airborne has simultaneously consented to the entry of Judgments with the Attorneys General of Alaska, Arkansas, California, Connecticut, Delaware, the District of Columbia, Florida, Idaho, Illinois, Iowa, Kansas, Kentucky, Maine, Maryland, Michigan, Mississippi, Missouri, Montana, Nebraska, Nevada, New Jersey, New Mexico, Ohio, Oregon, Pennsylvania, Rhode Island, South Carolina, Tennessee, Texas, Vermont, Washington, and Wisconsin. 4. The entry of this Judgment has been consented to by Defendants as their own free and voluntary act and with full knowledge and understanding of the nature of the proceedings and the obligations and duties imposed upon them by this Judgment, and they consent to its entry without further notice, and aver that no offer, agreement, or inducements of any nature whatsoever have been made to them by the Plaintiff or their attorneys or any employee of the Attorney General's Office to procure this Judgment.

5. In the event the Court shall not enter this Judgment, this proposed Judgment shall be of no force and effect against the Attorney General of Indiana or any of the Defendants.

6. This Judgment shall bind Defendants, their officers, directors, agents, representatives, parents, affiliates, subsidiaries, and employees, and shall be binding on

any and all successors and assigns, future purchasers, acquired parties, acquiring parties, successors-in-interest, shareholders, and their officers, agents, representatives, and employees, directly or indirectly or through any corporation or anyone acting directly or indirectly on their behalf.

7. Further Defendants have, by their signature and of their respective counsels hereto, waived any right to a jury trial or any derivative rights of a jury trial afforded to them under the Constitutions of the United States or the State of Indiana. Defendants expressly waive and relinquish any defense, requirement, or argument that the permanent injunction below does not contain a finding of facts or conclusion of law.

8. In exchange for the consideration set forth herein, upon execution of this Agreement, the Attorney General agrees to release Defendants, all of their parent entities, subsidiaries and affiliated entities, and the officers, directors, members, agents, servants, employees of each of them, and shareholders (collectively, "Defendant Parties") from all civil claims, causes of action, suits and demands, of any kind or character for violations of Indiana Code § 24-5-0.5-1 *et seq.*, arising out or based upon the matters addressed in this Judgment and the State's Complaint.

GOVERNMENT-ORDERED DISCLOSURE
[on Airborne Health, Inc., letterhead]

[Insert Date]

[Addressee]

Dear Airborne Health, Inc., Distributor, Reseller, or Retailer:

Airborne Health, Inc., recently reached a settlement with the Attorneys General of twenty-seven states and the District of Columbia (the "State AGs") resolving an investigation into what the State AGs believed to be unsubstantiated and/or deceptive claims for Airborne Effervescent Health Formula and other Airborne branded products. The State AGs also contended that Airborne made unlawful claims for a dietary supplement. According to the State AGs, Airborne lacked scientific evidence to support alleged claims that, among things, our products prevent colds, protect against germs, reduce the severity or duration of colds, or protect against colds, sickness or infection in crowded places. Although we dispute the views of the State AGs and deny any wrongdoing, we have agreed to resolve the State AGs' investigation.

To comply with the agreement reached with the State AGs, Airborne has agreed, and hereby instructs you to immediately refrain from and/or stop using advertising or promotional materials that claim that Airborne Effervescent Health Formula (all flavors), Airborne, Jr., Airborne On-the-Go, Airborne Power Pixies, Airborne Nighttime, Airborne Seasonal, Airborne Gummi lozenges, or other similar Airborne products:

- reduce the risk of or prevent colds, sickness, or infection;
- protect against or helps fight germs;
- reduce the severity or duration of colds;
- protect against colds, sickness, or infection in crowded places like airplanes, offices, or schools; or
- prevent, treat, cure, or mitigate diseases (or allergies).

Such claims may only be made if they are true, adequately substantiated and otherwise permitted by law.

A copy of the settlement with the State AGs is attached. If you have any questions, please call [insert name and telephone numbers of the responsible Airborne Health, Inc. Attorney or Officer].

Sincerely,

Airborne Health, Inc.

Dear Airborne Health, Inc., Distributor, Reseller, or Retailer:

Airborne Health, Inc., recently reached a settlement with the Attorneys General of twenty-seven states and the District of Columbia (the "State AGs") resolving an investigation into what the State AGs believed to be unsubstantiated and/or deceptive claims for Airborne Effervescent Health Formula and other Airborne branded products. The State AGs also contended that Airborne made unlawful claims for a dietary supplement. According to the State AGs, Airborne lacked scientific evidence to support alleged claims that, among things, our products prevent colds, protect against germs, reduce the severity or duration of colds, or protect against colds, sickness or infection in crowded places. Although we dispute the views of the State AGs and deny any wrongdoing, we have agreed to resolve the State AGs' investigation.

It has been brought to our attention that advertisements you have distributed may violate the terms of our Settlement if made by Airborne. To comply with the agreement reached with the State AGs, Airborne has agreed, and hereby instructs you to immediately refrain and/or stop using advertising or promotional materials that may violate the terms of the Settlement including claims that Airborne Effervescent Health Formula (all flavors), Airborne, Jr., Airborne On-the-Go, Airborne Power Pixies, Airborne Nighttime, Airborne Seasonal, Airborne Gummi lozenges, or other similar Airborne products:

- reduce the risk of or prevent colds, sickness, or infection;
- protect against or help fight germs;
- reduce the severity or duration of colds;
- protect against colds, sickness, or infection in crowded places like airplanes, offices, or schools; or
- prevent, treat, cure, or mitigate diseases (or allergies).

Such claims may only be made if they are true, adequately substantiated and otherwise permitted by law.

A copy of the settlement with the State AGs is attached. If you have any questions, please call [insert name and telephone numbers of the responsible Airborne Health, Inc. Attorney or Officer].

Sincerely,

Airborne Health, Inc.
